ADDITIONAL CONSIDERATIONS

The SPOT X device requires an active service subscription to properly perform 2-way satellite messaging, tracking, S.O.S. capabilities and all other device functions.

*Enrollment in any Flex Plan is subject to a \$24.99 Annual Flex Charge that is collected once per year at renewal, even if the device is suspended at that time. This Flex Charge allows the customer to suspend service anytime during the year without activation fee recurrence when turning service on again throughout the year. All Flex Plans have a one month minimum term. Message allotment per Flex Plan includes both incoming and outgoing messages.

All Annual Contract Plans are 12 month terms with the option of monthly payments or one annual upfront payment. Those customers who prefer to make an upfront payment will get the added benefit of receiving allotted plan messages in advance for use as frequently as they would like throughout the year. Those customers who prefer to make monthly payments on the annual plan should note that unused messages will not roll over to the next month. All annual plans are subject to a one-time \$19.99 activation fee. No charge applies to changing to a more inclusive annual plan; a \$24.95 fee applies to changing to a less inclusive annual plan. Early termination of the service agreement will require a customer to pay an Early Termination Fee in the amount of 100% of the outstanding balance of the contract, plus the full amount of any credits issued during the Term (including promotions).
